CALL TO ORDER Kip Padgett, Chairman

1. WELCOME

Mr. Padgett welcomed everyone and thanked them for coming.

2. UPDATE ON PROJECT LIST FOR AIR QUALITY PURPOSES

Mr. McHenry explained that the list of capacity adding projects for air quality purposes that was discussed at the previous Technical Coordinating Committee, had been subsequently revised through a subcommittee of TCC staff on March 26th. This revised list was brought forward to the Citizen Advisory Committee who approved it. Mr. Miller commented that the widening of Spout Springs Road project should extend to Atlanta Highway and does not terminate at Hog Mountain Road. There were also some corrections to the spelling of roadways.

MOTION: Mr. Padgett made a motion to approve the list as revised. The motion received a second from Ms. Stava and passed by unanimous vote.
